

MA 385 Introduction to Probability  
Easy Quiz 1  
(Other assignments will not be like this ☺)

You should be able to use Dr. Lunsford's website (<http://www.mathspace.com/Lunsford/>) to answer the following questions. Please use a separate piece of paper to answer all questions below using complete English sentences (yes, I will deduct points if you don't use complete English sentences.). Please hand in this quiz with your answers, preferably typed, by the due date given in class or on my website. An electronic copy of this quiz is available on the MA 385 section of my website.

Information about the Class:

1. What is the official name of this class, what time does it meet and where does it meet?
2. What are the prerequisites for this course?
3. How many exams (not including the final) will you have in this class? How much will each count towards your final grade?
4. How much does the final exam count towards your class grade? Will the final exam be comprehensive? When will the final exam be given?
5. In addition to exams, how else will your grade be determined in this class?
6. What types of assignments for this class can be done in groups of two and what types of assignments are to be done individually?
7. What is Dr. Lunsford's policy regarding make-up/late work for this class? You should address the policies towards quizzes, exams (including the final), homework, and/or reports. Note: Only address those items pertinent to this class.
8. What are Dr. Lunsford's policies regarding attendance and extra credit work?
9. What resources (on this website, at UAH, that come with your book, etc.) are available to help you learn the material in this class?

About the Instructor:

1. What are the names of Dr. Lunsford's cats?
2. Where did Dr. Lunsford go to undergraduate school and what was her major?
3. Name all colleges and universities at which Dr. Lunsford has taught mathematics.
4. Name a current project that Dr. Lunsford is working on.
5. What do you like best about this website? How do you think the website could be improved?

About the Student:

1. What is your major?
2. Please tell me something interesting about yourself.
